

# Contract Operations Personnel

QPS can meet all your labor needs. Our team members are hard at work in the Gulf of Mexico, outer continental shelf and at land locations throughout the United States. We can accommodate all shift rotations.

Here are some examples of contract personnel QPS can provide:

- **Production Operators**  
*(Entry level through Foreman Level)*
- **Lease Operators**
- **Mechanics**
- **Mechanics' Helpers**
- **Material Coordinators**
- **Automation Technicians**
- **I&E Technicians**
- **Electricians**
- **4160 Electricians**
- **Clerks**
- **Planners**
- **Schedulers**
- **Yard Foremen**
- **Logistics Coordinators**
- **Purchasing Agents**
- **Compliance Technicians**

## Safety and Training

QPS understands safety is critical to any company's success. You can rest assured that our team is well-versed in these widely accepted industry standards for safety and compliance.

Our crews with a safety-first mindset are well-trained and deliver improved operations, cost savings and decreased downtime for your project.

## Involved in Industry

QPS is an active member of these organizations:

QPS is VR certified for field repairs and testing on air, gas and liquids PSVs.
